

ST STREET FIRE

An **MSD** Brand

Street fire is an extension brand from MSD that delivers quality at a budget price. All of the Street Fire components are spec'd by MSD engineers and designed to provide performance for the price. The quality of each part is backed up by a one year warranty!

Cap and Rotor Kits

Street Fire is making ignition maintenance easy for you! The cap, rotor and even plug wires all need to be considered as maintenance items. These new Cap and Rotor kits are designed to deliver quality at a value price and are supplied with brass terminals and a heavy duty rotor.

SF STREET FIRE

An **MSD** Brand

PN 5520

STREET FIRE CDI IGNITION

- Capacitive Discharge Technology
- Multiple sparks improve starting and idle
- Full power output at high rpm
- Easily connects to points, amplifiers and magnetic pickup distributors
- Adjustable rev limiter for overrev protection

STREET FIRE IGNITION COILS

- Increased turns ratio combined with lower primary resistance results in more output voltage.
- Factory style housing ensures a direct bolt-in replacement.
- Value priced with a full one year warranty

STREET FIRE SPARK PLUG WIRES

- Kevlar core combination for great strength and durability
- Heavy duty terminals for secure connections
- 8mm silicone and synthetic jacket resists heat and abrasion

CHEVY HEI DISTRIBUTOR

- All new components, spec'd by MSD engineers
- Value priced with a full one year warranty
- Heavy duty distributor gear for durability
- Connect one wire and go
