

LLOYD MATS

LUXE

PRODUCT LINE FACT SHEET

The most luxurious line of custom auto mats available

CARPET CONSTRUCTION

- Half inch thickness of super soft premium nylon yarn.
- LUXE carpet face has 3 pounds of 2-ply continuous filament nylon yarn in each square yard, triple the weight of most OE mats.
- Scotchgard™ treated yarn to resist staining and soiling.
- 2 step Scotchgard™ process includes one for stain resistance and one for soil resistance.

BACKING CONSTRUCTION

- 5 layers of backing
- Polypropylene mesh gives the tufted yarn its texture.
- Heavy latex layer creates stiffness for mat shape.
- Water-resistant layer to help block moisture.
- Special urethane cushioning layer insulates against heat and road noise
- Final non-skid Tractionbac™ high density synthetic rubber.

DESIGN FEATURES

- 10 carpet colors to match or compliment all automotive interiors.
- Continuous, durable nylon cloth edge can't unravel.
- Over 1,000 trademark, personalized, and lifestyle embroidered logos available.
- Appliques permanently bonded into carpet surface with RF technology. *(Due to LUXE thickness, direct embroidery is not available)*
- All logos treated for soil and stains.
- Lifetime Warranty.

SAFETY FEATURES

- Mat fasteners are used with all Lloyd Mats' products
- Factory compatible retention hardware is included for vehicles with a factory installed anchor device.
- A proprietary Lloyd Mat Fastener is included for vehicles with no pre-installed mat fastening device.

CUSTOM FIT PATTERNS

- Over 11,000 unique floor pattern designs.
- All cars, trucks, vans, SUV's, and crossovers.
- Trunk mats available for most passenger cars.
- Patterns available for most SUV and van cargo areas.

LUXE mats should not be placed over other floors mats. LUXE mats are designed as a stand alone mat item. LUXE mats are equipped with anchoring devices to keep them securely in place. These devices may not work properly if LUXE mats are used over another accessory floor mat.
